

Description

The IP-PAR-712-HEX has been specifically designed for use in outside. The IP65 certification it enjoys completely protects it against splashing water and dust, allowing installation in the most demanding environments. Its 7 LEDs of 12W allow accurately mix RGBWAUV colors and diffuse them on an angle of 40 °. Perfect for creating atmospheres with ease, this projector Outdoor LED is able to operate in automatic mode, react to ambient music, to be controlled via a DMX controller or device master, and can also be configured via the keypad present on the back of the machine.

Features

- Automatic programs : Yes
- IR remote control : No
- Type of use : [al_ev]
- Additional Specs :
