

Description Features

- Additional Specs :
- 3000 mW RGB laser composed of :
 - o 1x 600mW/638nm red diode
 - o 1x 800mW/520nm green diode
 - o 1x 800mW/450nm blue diode
- Class 4 laser with safety key and interlock connector
- Complies with European standard EN60825-1:2014
- Mirror scanning: 20Kpps scanner
- 2000 internal programs
- Modes: Auto, Musical, and DMX
- DMX channels: 6 or 34
- ILDA interface: Input/output
- Chassis: Aluminum
- Protection rating: IP20 (indoor use only)
- Cooling system: Fan
- Dimensions and weight: 2.8 kg, 220 x 220 x 150 mm
- Included: Power cable, velcro cable tie, hanger and safety lanyard
